

OpGen to Participate in Edison Group's Global Healthcare "Open House" Virtual Conference from January 25-27th, 2022

January 18, 2022

ROCKVILLE, Md., Jan. 18, 2022 (GLOBE NEWSWIRE) -- OpGen, Inc. (Nasdaq: OPGN, "OpGen"), a precision medicine company harnessing the power of molecular diagnostics and informatics to help combat infectious disease, announced today it is participating in Edison Group's Open House Event, scheduled to take place virtually this month.

The three-day event, in association with London Stock Exchange, global law firm Taylor Wessing and OpenExchange, will take place between 25th-27th January, focusing on 33 companies. Day one will feature businesses within pharmaceuticals & drug discovery, day two focuses on AI & technology in healthcare, while businesses adopting new approaches to hard-to-solve problems will round off the event.

Content will be available to stream from January 25th on Edison's website and OpenExchange.tv. Attendance is free and anyone wanting to attend can sign up here:

About OpGen, Inc.

OpGen, Inc. (Rockville, MD, USA) is a precision medicine company harnessing the power of molecular diagnostics and bioinformatics to help combat infectious disease. Along with our subsidiaries, Curetis GmbH and Ares Genetics GmbH, we are developing and commercializing molecular microbiology solutions helping to guide clinicians with more rapid and actionable information about life threatening infections to improve patient outcomes, and decrease the spread of infections caused by multidrug-resistant microorganisms, or MDROs. OpGen's product portfolio includes Unyvero®, Acuitas® AMR Gene Panel and the ARES Technology Platform including ARESdb®, using NGS technology and AI-powered bioinformatics solutions for antibiotic response prediction.
